

## YOUNG CITIZEN OF THE YEAR 2022

Last year Mason Karpinski decided not to ask for presents for his birthday. Instead he asked for donations. With the money he bought Easter Eggs which he then donated to Northwich Community Support who were collecting Easter Eggs for those in need. For this generous deed he was awarded the title of Young Citizen of the Year.

Each year we present two Citizenship shields at the Gala. One for under 18s and one for adults. If you know someone who deserves recognition for their service to the community please go ahead and nominate them. They must be residents of the village.
