HISTORIC CHESHIRE PUB, BLUE CAP, OFFICIALLY REOPENS FOLLOWING REFURBISHMENT

The Blue Cap, a much-loved Chef & Brewer pub in Sandiway, Northwich, is open again following a six-figure investment.

Originally dating back to 1716, the historic pub on Chester Road has undergone a top-to-bottom renovation and is officially welcoming customers back through its doors from Friday, 20 March to experience the pub's improved look and feel. The works have carefully preserved the Blue Cap's unique character, ensuring customers enjoy a traditional pub experience alongside plenty of modern-day comforts.

The Blue Cap's interior has received significant investment with vibrant décor, comfortable furniture and new flooring introduced throughout the venue to elevate guest experiences and provide a warm and welcoming environment for friends, families and their furry friends. The pub's private function rooms have also been refurbished, offering smart bookable areas for groups to celebrate their special occasions in style.

Outside, the Blue Cap's exterior has been spruced up to enhance the pub's kerbside appeal, while the garden has been improved with upgraded outdoor furniture, expanded seating and new fencing and lighting to create the perfect space for loved ones to come together and enjoy an alfresco meal or drink throughout the year.

The Blue Cap has a fantastic range of food and drinks options to suit all tastes, with a wide selection of cask ales behind the bar and a delicious Sunday roast menu, as well as a range of pub classics and seasonal dishes including Lamb Shank Shepherd's Pie, Toad in the Hole and Grilled Sea Bass & King Prawn Risotto.

Kayte Whitehead, general manager at the Blue Cap, said: "We are absolutely delighted to be officially reopening the Blue Cap and welcoming our lovely customers back following a six-figure refurbishment. The Blue Cap holds a special place in the hearts of many in the local community, and we're excited to be able to give the pub a new lease of life and offer even better experiences to guests with major improvements both inside and out.

"Here at the Blue Cap we hope to offer something for everyone to enjoy, whether you're looking for a hearty pub lunch, seeking a quiet spot to unwind in the sunshine, celebrating a special occasion or simply stopping by for a drink after a countryside dog walk. We invite locals to come on in and experience a warm Blue Cap welcome today!"

The pub offers table service via the Greene King app, giving customers the opportunity to order food and drinks and make bookings at the click of a button. Guests can download the Greene King app via [this link](#).
