## HAPPY NEW YEAR TO ALL OUR READERS

### OUR NEW PLAYGROUND RIDE

The appeal for funds to replace the damaged Springi on the Norley Road Playing Fields has now been closed. The £1,450 needed has been raised thanks to the generosity of residents of the village, a donation in memory of the late Kate Stuart by her family and a contribution from Cuddington & Sandiway Gala Team. The Playing Fields Association are pleased to announce that the new motorcycle ride has now been installed, as many people will have observed, and their thanks go to all who helped them achieve this.

Any changes to the arrangements will be posted on the parish council noticeboards at the playing field car park and by the post box on Mere Lane. They will also be on the village website.

Agendas and Minutes of meetings can be found at; [www.candsonline.org](http://www.candsonline.org)

- The Parish Council has received a funding request from the Youth Club and has agreed to a grant of £300.
- Information relating to the criminal damage on Weaverham Road football field was welcomed by the parish council and this has been forwarded on to Cheshire Police for them to investigate the matter.
- A planning application for land in Kennel Wood was debated at length during the meeting. The applicant has requested a replacement of boundary wooden fencing with 1.8m high deer fencing. The Parish Council objected, submitting comments to CWaC which were: Not in keeping with the area, the planning officer should note the license application sits alongside this planning application. Residents have also raised concerns that security people are asking members of the public to remove themselves from the public footpath.
- Following requests from residents last year, the Parish Council has purchased a Christmas tree and planted it at Mere Lane shops, where it is hoped it will flourish in years to come. The parish council would like to thank Greenwoods on Mere Lane for their generous donation in supplying lights for the new Christmas tree. The Council will look into the possibility of gaining a power source from a lamp post for future years.
